MAIN STAGE

10:30 THW Kiel - We are Kiel. We are För de Küste.

With 'För de Küste', THW Kiel inspires and motivates the club environment and the handball community to get actively involved. 'För de Küste' thrives on active participation and has succeeded in creating new points of contact between sport, fans, science and society. The popularity and appeal of the club facilitates these new networks outside the respective bubbles.

Procurement & Sustainability Summit

MASTERCLASSES 10:30 **Complicated can also be simple - efficient, audit-proof and legally compliant sustainability management**

Clarissa Kaps
Global Climate

Host

Inken März
Procurement & Sustainability Summit

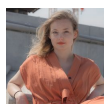

MASTERCLASSES 10:45 **Product carbon footprints as a driver of decarbonization**

In recent months, product carbon footprint (PCF) standards have been published for several major industries. Players in the chemical, automotive and other industries are now driving the exchange of product-specific CO2 values along their supply chains. This presentation shows how companies are meeting the new requirements and utilising increased transparency in competition.

Jonas Hohlweck
Siemens SiGREEN

Host

Inken März
Procurement & Sustainability Summit

MASTERCLASSES 11:00 A suggestion of how to integrate environmental sustainability in an organization

In this masterclass, Angelika Daur from Satair and Marco Fuhr from valantic will discuss how companies can tackle the complex topic of integrating an environmental friendly organization.

Marco will shed light on the development from transparency to the operationalization of sustainability measures. Angelika will share practical insights about the implementation and learnings.

An essential talk for anyone interested in the practical integration of sustainability into a mid-size organization.
